LOST: Blue serge coat, at Raney's livery stable, Monday. Return to Record office or Earnest Gosney.

FOR SALE: Automobile in good condition. Will sell at a bargain. No use for two. Apply at this office.

There will be only eleven months this year because "June" can away. If you don't believe it go to Romona Opera House.

The government has just issued a third bulletin discussing the need of farmers' wives. We haven't the time or space in this paper to name the needs of just one we know of.

The best recommendation a grocer can have is cleanliness. Clean windows, clean street and even out into the street should be cleaned in order that no filth can be blown back into exposed vegetables.

The Elizabethtown News announces the wedding of Carrie Car and Findley Triplett. Of course this insures Findley of having a Car, but we are not going to say what Carrie might have, we'll let Bangs Landrum say it.

Splendid and entertaining pictures are shown every night at both the Rex and the Opera House. The National Fox hunt showing Messrs. Arch and Woods Walker and their dogs was greatly enjoyed Monday afternoon and night.

Guy Davidson claims the Dixie Highway. John Farra claims the Boone Highway, now the next highway that comes thru Lancaster we claim for John Stormes and it is to be known as the Excuse Our Dust Highway. Harry Ware says he only wants to ride over the one going to Hyattsville.

Every one who has a hose connection is working over time, fighting against the dust devil by which we are enveloped, encompassed and all but swallowed up. In spite of all efforts, however, there is no relief in sight until we get oil, which we are glad to say will be had at an early date, the money having been readily made up for it.

All other considerations aside, it is common sense to celebrate Christmas when holly and mistletoe are in bloom, and Thanksgiving Day when turkeys are in season. By the same process of reasoning, the obvious time for Clean-Up Day is in April, when houses and yards show the wear and tear of Winter and when the flowers of earliest Spring inspire by their brave, gay efforts to brighten a brown earth.

It is beginning to dawn upon the intellect of this blessed country of ours that the worst trouble with business is due to the overworking of "Be-it-enacted." When one thinks of the 62,000 laws passed by congress and state legislatures in the last five years and the 65,000 decisions of courts of last resort, we wonder how business men can possibly know them all and conduct their business in such a way as to keep out of jail.

In Shreveport, Louisiana, they were once fly-infested and had a high death-rate. The city passed an ordinance compelling all dealers in foodstuffs and all owners of stables and barns to install a huge fly-trap made of wire screening, on their premises. Business men who did not deal in foodstuffs and housewives with no barns on their premises, watched the fine way in which these great traps caught and held thousands of flies, and through sheer civic pride and desire for cleanliness, everybody, whether affected by the law or not, began to install traps. Last year, Shreveport, Louisiana, made a new record. It had not a single death from infantile paralysis, and only one death from typhoid. It costs seventy-five cents a year to run a fly-trap.

FINE BOY.

Mr. and Mrs. Frank Higgins, who are living on the farm of the late Mr. John Simpson, are rejoicing over the arrival of a fine boy. The young man has been named Chester Frank.

PROUD OF SISTER.

Master Clay Kauffman Shackelford is very proud of a little sister who was left at the home of his grandmother, Mrs. Emma Kauffman, last Thursday morning. He says he will be old enough to look after this young lady and no other beau need ever apply. She was named Mary Keen for the paternal grandmother.

Beginning Tonight, Thursday the Lancaster Opera House offers a program of High-Class Vaudeville and pictures each night the remainder of week.

TRY IT ONCE.

If you have anything to sell or trade, want to buy anything, have rooms to rent or desire to find rooms, or in fact if you have anything in mind that you want to know about, try a Record ad. It'll pay you.

ILLUSTRATED LECTURE.

Hog cholera causes more loss in Kentucky than all other diseases of animals. An illustrated lecture will be given at the Court House Saturday afternoon on this dread disease by an expert from the experiment station who will give methods of prevention and control. Men, women and children are invited and all farmers and those interested in stock should attend.

GOOD SHOW COMING.

Spend the most absorbing evenings since you first began attending the Movies by going to the Opera House tonight (Thursday), Friday and Saturday nights and Saturday matinee. Besides the splendid pictures one always sees at Romona Opera House, there will be seen a high class vaudeville, of dancing, singing and other musical acts. A splendid performance has been booked for the Saturday matinee.

THREE BOYS.

The Stork editor noticed a smile on several faces from the Buckeye vicinity and when inquiring into their happiness found one of their neighbors had been favored by the Stork passing over town and leaving three boys at his house. Mr. Wesley Simpson is the favored man. One boy weighs five pounds, another five and one half pounds while the third weighs six pounds. All are strong and healthy, and are named Tom, Dick and Harry.

A REMARKABLE CROWD.

Bro. Pollitt, of the Methodist church, has just returned from Commencement at Kingswood College. During commencement week he preached twice a day in the chapel which was inadequate to hold the large number who attended and the remarkable thing about this crowd was that there no one using tobacco in any form, not once even smoking. This not only speaks well for the Principal, J. W. Hughes, but for the young men who attend this college and those who attend the exercises.

**THE BOONE WAY
ROUTED THROUGH LANCASTER.**

The Boone Way meeting called to meet at Mt. Vernon last Monday night was attended by representatives from almost every county along the proposed highway and interest was intense throughout the entire meeting. Mr. John M. Farra was the only representative from Lancaster, but that he performed his duties well is attested by the fact that he succeeded in having the Boone Way routed through Lancaster. The route had previously been permanently fixed from the South to Cumberland Gap. At the meeting Monday night the following route was finally decided upon: Cumberland Gap to Middlesboro, thence to Pineville; thence to Corbin; thence to London; thence to Mt. Vernon; thence to Crab Orchard; thence to Stanford; thence to LANCASTER; thence to Danville; thence to Harrodsburg. The association decided to leave the locating of the remainder of the route at a meeting to be held at Harrodsburg the latter part of May. The routing of the Boone Highway through Lancaster, means much to this community and every public-spirited citizen should rejoice in the great achievement.

CHAMBER OF COMMERCE

Organization Effected Last Night With Many Members.

As a result of a call issued by Mayor Davidson last Monday, asking that the business men and citizens meet at the police court room on Wednesday night, about fifty responded and an organization was launched to be known as the Lancaster Chamber of Commerce, with about twenty-five charter members. The following officers were unanimously elected to serve for one year: J. E. Stormes, President, R. L. Elkin, Vice President and L. G. Davidson, Secretary. The membership consists of the citizens and business men of the town and community and a committee was appointed to solicit new members; this committee is composed of Dr. J. R. Kinnaird, J. M. Mount, J. S. Haselden, H. V. Bastin and S. F. Hughes. This newly organized body went on record and unanimously voted a resolution endorsing the Blue Grass Dixie Highway Association and agreed to stand solidly for the Cincinnati route of the Dixie Highway, via Covington, Lexington, Crab Orchard, Somerset and to a point on the Tennessee line at or near Albany. A committee was appointed to meet with the Board of Commerce of Lexington at a conference called by that body to meet today in the interest of their several communities and of Central Kentucky. There will be another meeting tomorrow (Friday) evening at the police court room and every citizen of the town and county is asked and earnestly requested to be present.

MEETING OF KENTUCKY PRESS ASSOCIATION.

Olympian Springs has been selected at the place for the summer meeting of the Kentucky Press Association, and the time is set for June 4th. We look for a large crowd at this delightful resort and a good time is always a certainty when these pen pushers meet to ether.

OIL, OIL, ATTENTION FARMERS.

If you cannot make arrangements through your merchant, call or phone Standard Oil, Agent.

J. W. Sweeney,
Phone 152, Lancaster, Ky.

HORSE SHOW

ATTRACTS LARGE CROWD TO TOWN
Last Monday.

The annual horse show held each County Court day in April, was the largest seen here in years last Monday. While the horses were not up to the usual quantity, they made up for it in quality and the show was considered by many to have been the best held here in years. That the people still enjoy these horse shows was manifested by the fact that the largest crowd seen here in many months was on hand and handed out applause to their favorite animals.

Billy Burton's "Bleucher" made a splendid show and attracted much attention and had many admirers in the crowd.

Frank Foley, of Hackley, was on hand with his handsome saddle "High Preston" by Carroll Preston, he is royally bred and a good individual.

"Gay Boy" owned and shown by N. W. Rogers, of Paint Lick, was very much admired and was decidedly the best walking horse on the ground.

That noted stallion "All Peavine" bred and owned by that master of horsemen, R. S. Seudder, of McKinney never looked better and made many new friends here Monday.

J. Nevin Carter, of Stanford, the proud owner of "Kentucky Gentleman" was on the ground early and this magnificent horse held a good crowd around him throughout the entire show.

Ray and Amon, of Buckeye, made a splendid show with "Headlight", a beautiful bay, by Red Leaf, a horse well known in this vicinity and the sire of some splendid animals.

Duke of Denmark Jr. was very much admired and Clarence Beasley, his owner is very proud of the record he has made for him in the two years he has owned him.

Hamilton's Chief, in the hands of Felix White, but owned and controlled by the Government, is a beautiful chestnut stallion sired by Bourbon Chief and proved very popular with the crowd. Golden Emerald, owned by Embury and Yantis, made his initial appearance at this show and was very much admired. He is royally bred, being by Golden King and out of an Emerald Chief mare. This horse is only four years old, but very promising.

Kentucky's Choice and Chester Chief were not on hand but were ably represented by their manager, Mr. Joe McDowell, of Danville. Kentucky's Choice's winnings were on display in the window of McRoberts drug store and attracted unusual attention.

Chester Dare, owned by R. M. Moss, of Bryantsville, is a handsome individual, being sired by old Chester Dare and is a horse with as much style as you will see anywhere.

Rex Moki, by Rex Peavine and out of a Silver King mare, owned and exhibited by P. E. Parish, of Crab Orchard, made a fine show and was much praised.

Mr. Robert Burns exhibited a nice horse, Rex, by Rex Peavine, the property of W. A. Price. This horse's dam was an On Time mare and was a nice one.

Mr. Lem Teater, of Bryantsville, was driving a nice horse, but the writer failed to get his name. Lem wouldn't own one unless he was good and well bred, so you will have to ask him for his breeding.

The pony show was fine and amused the children during the entire show.

Diamond Dick, controlled by J. W. Sweeney was looking fat and fine and Jesse is very proud of the showing he is making this season.

"Shelbark" the beautiful pony of Ray and Amon, of Buckeye is looking fine and was very much admired.

"Silver Silk", another Shetland owned by Ham and Aldridge, of Hyattsville, is beautifully marked and a handsome pony.

"Barlowe" never looked better and was admired by all. He is owned by R. I. Burton of Bryantsville, but is in charge of W. B. Burton of this city this season.

"Major C. Jr." decidedly the smallest pony on exhibition and a true shetland type, being only 42 inches and as good in conformation and finish as any care to see. Owned by R. L. Elkin.

Most of the horses mentioned above are advertised in this issue of the Record and any one wishing to see their pedigree can do so.
